### We ask for your cooperation for answering the questionnaire, Survey on the Quality of Life in Onojo City

We developed the 2<sup>nd</sup> Onojo City Globalization Promotion Plan in order to accommodate diverse cultures and nurture a sense of values coexisting beyond nationality, and creating a safe city with the cooperation of citizens, the local community, businesses, related organizations, groups and the municipal government. This is the 10-year term plan initiated in fiscal 2019 and will be revised at around the halfway stage of the project, in fiscal year 2023. This year is the halfway stage of the project. We would like to verify the implementation of the current measures and update them accordingly.

We sent the questionnaire, Survey on the Quality of Life in Onojo City for Non-Japanese Residents, to randomly selected non-Japanese residents (excluding special permanent residents) who live in Onojo City in the middle of August. If you received the questionnaire, please answer it. The answer is available by answering the paper questionnaire or online. We ask for your cooperation for answering the questionnaire.

#### ●Deadline: Fri, September 15<sup>th</sup>, 2023

- ◇In the case of answering the paper questionnaire  
Please place it in the return envelope and post it by Fri, Sep. 15<sup>th</sup>.
- ◇In the case of answering the online questionnaire  
Please answer it by Fri, Sep. 15<sup>th</sup>.

### Prevent Heatstroke!

The number of people who get heatstroke is increasing due to this hot weather. Severe heatstroke can possibly lead to death. Please take preventive measures as follows:

- Drink liquid even when you don't feel thirsty. Get salt when you sweat a lot.
- Pay attention to the temperature. Use fans or an air conditioner indoors.  
Wear sweat-absorbent material clothing.
- Maintain your health. Take adequate diet and sleep.
- Taking off a mask depending on the situation.

## Watch out for fire ants, Red Imported Fire Ants and Tropical Fire Ants

Red Imported Fire Ants were first found in Japan in June 2017. They have since spread to other areas in Japan and found in Hakata Port, Kitakyushu Port and Fukuoka City in Fukuoka Prefecture. Tropical Fire Ants are also found in Hakata Port, Kanda Town, Fukuoka City and Kitakyushu City in Fukuoka Prefecture.

Their bite is poisonous to people and possible symptoms in case of the bite are swelling, redness and becoming pus-filled at the bite site. It might cause an anaphylactic shock. They are found in gardens, parks, playgrounds, etc. and make their mounds under the ground.

When you find the fire ants, please do not touch it. Please report us when you find them.
